**Greta and Margot,**

While it can sting to win  
the box office but  
not take home the gold,  
your millions of fans love you.

You're both so much more  
than Kenough.

**#HillaryBarbie**

even talking about.

**saltyouthindian** So you're more concerned about two rich white women not winning an award than the millions of women in Gaza who have no menstrual products, are giving birth/having c-sections with no anesthesia on the STREET because there's no more hospitals left? ALL of which your buddy Joe can EASILY stop funding but chooses not to? Are those 25,000 dead people not KENOUGH, Barbie? 🙄

# Al Jazeera condemns the Israeli forces killing of the cameraman Samer AbuDaqa

Published on: 15 Dec 2023

Al Jazeera Media Network condemns in the strongest terms the Israeli drone attack on a Gaza school that resulted in the killing of cameraman Samer AbuDaqa.

The Network holds Israel accountable for systematically targeting and killing Al Jazeera journalists and their families. In today's bombing in Khan Younis, Israeli drones fired missiles at a school where civilians sought refuge, resulting in indiscriminate casualties. Following Samer's injury, he was left to bleed to death for over 5 hours, as Israeli forces prevented ambulances and rescue workers from reaching him, denying the much-needed emergency treatment.

Al Jazeera Media Network extends its sincere condolences to the family in Gaza and in Belgium of the late colleague Samer AbuDaqa.

With the killing of Samer AbuDaqa number of journalists and media workers killed in Gaza reached over 90. Al Jazeera urges the international community, media freedom organisations, and the International Criminal Court to take immediate action to hold the Israeli government and military accountable for these acts of carnage and crimes against humanity.

# Al Jazeera Strongly Condemns Targeted Killing of Journalists by Israeli Forces

Published on: 22 Nov 2023

In a resolute stance against the horrific targeting of journalists, Al Jazeera Media Network vehemently condemns the deliberate killing of media professionals by Israeli forces in an attempt to silence the messengers of truth.

In the latest targeting of journalists, Israeli forces assassinated three journalists working for Al-Mayadeen Channel in Lebanon on November 21, 2023.

The number of those deliberately targeted and killed in Gaza has now reached 60 journalists and photographers since October 7, 2023; the latest of which were Bilal Jadallah, director of the Press House in Gaza, writer Mustafa Al-Sawaf, journalists Alaa Hassouna, Ayat Khadura, Sari Mansour and Hassouna Salim, who all worked in local media outlets.

Al Jazeera Media Network calls on international press freedom and Human Rights organisations to take the necessary measures to ensure the protection of journalists enabling them to carry out their profession and urges them to condemn the systemic killing of journalists by Israeli forces.

Journalists in Gaza are making unparalleled sacrifices to reveal the true cost of the Israeli onslaught. Al Jazeera stands firm in its call for justice, accountability, and the safeguarding of the fundamental rights of journalists in conflict zones.

# Al Jazeera Refutes Clinton's Statement Regarding Oscars, Stands in Solidarity with Gaza Women.

4 February, 2024. (Doha, Qatar)

(Doha, Qatar) - Al Jazeera refutes recent statements made by Hillary Clinton regarding the Oscars, and unequivocally stands by the women of Gaza who are facing dire circumstances amidst ongoing conflict.

In a recent statement, Clinton expressed her support for actresses Margot Robbie and Greta Gerwig while omitting any mention of the plight of women in Gaza. We find this disregard for the suffering of millions of women in Gaza deeply troubling and unacceptable.

The women of Gaza are enduring immense hardships, including severe shortages in essential supplies such as menstrual pads, amidst a crisis that demands urgent attention and action from the international community.

Al Jazeera reaffirms its commitment to reporting on the humanitarian crisis in Gaza and highlighting the voices of those affected by the ongoing conflict. We stand in solidarity with the women of Gaza and call for immediate efforts to address their urgent needs and bring an end to the suffering they endure.
